- Rapise Throws Error using Mobile Spy on iOS in Recording Mode- [IN:3216]
- When a new test is created and opened, the files for the currently-open test remain open.- [IN:3226]

Download Instructions

To obtain this version of Rapise®, you need to log in to the customer area of the Inflectra® Website at: http://www.inflectra.com/CustomerArea. From there you can find the list of downloads under "My Downloads". Simply right-click on the installation link, download the Microsoft Installer (.msi) package to your computer, and then double-click on the package to begin the installation.

The installer will detect the existing version on your computer (if any) and upgrade the program files and migrate your data into the new version. *After installation you may be required to activate your product using the provided activation code.*

The full installation and user's guide can be found at http://www.inflectra.com/Rapise/Documentation.aspx.
